

Academic Year 2022-23

LEGISLATIVE PRIORITIES

The Fairbanks North Star Borough School District has the following legislative priorities in order to provide an excellent education to Alaska students while maintaining fiscally responsible operations.

#1 PRIORITY

Adjust Base Student Allocation (BSA)

Change the Base Student Allocation formula to adjust for yearly changes to cost of living and inflation.

The district strongly believes the BSA formula should be adjusted to be responsive to cost of living and inflation changes. In years where there is “flat” educational funding, it is essentially a reduction for the district as expenses increase approximately 2-4% each year due to rising labor costs. Alaska school districts need dependable education funding that responds to a shifting financial landscape.

BSA of \$5,930 in FY22 has an FY11 value of
\$5,062 when adjusted for inflation

#2 PRIORITY

Staff Recruiting & Retention

Address the educator shortage through defined benefit retirement and a statewide recruitment effort.

A strong education system needs a stable work force. Alaska school districts need a recruitment package that enhances a district’s ability to attract and retain quality educators. Vacancies, and the time it takes to fill them, have risen sharply this school year and the trend is expected to continue. Shortages in educators, support staff, and substitute employees directly impact students’ continuity of education.

“I’m inspired when students work hard and succeed at difficult tasks.” Charmaree Cook, 5th grade teacher at North Pole Elementary.
