

WHAT SETS US APART?

Class sizes at Star of the North are intentionally kept small. There are no bells, no lockers, no noisy passing periods.

Freshmen and Sophomores enjoy direct instruction from teachers who rotate in and out of the classroom.

Juniors and Seniors have the flexibility of independent study meaning that they can accelerate to either finish school early or quickly recover credits they may have missed in previous years.

INDIVIDUALIZED INSTRUCTION

Close adult mentoring, paired with individualized learning and flexible pacing helps students move toward their academic potential.

ACADEMIC SUCCESS
