KATIE.HASBROUCK@K12NORTHSTAR.ORG

School Climate Surveys are OPEN!

You are invited to participate in the annual [School Climate Parent Survey!](#) The survey is anonymous, takes about 10-20 minutes, and results are used to understand and improve the educational climate of our schools. Thank you for participating!

5-12th grade students are also able to take the survey. A survey link for students will be available in Powerschool (in upper right

that says 'Take the School Climate Survey'). Student surveys are confidential

All surveys close on **Sunday, March 10, 2024.**

Healthy Futures for Alaska

Our February Healthy Futures Challenge (HFC) is complete! Turn in your logs to Mr. S by March 8. You can start your March log today by logging your daily minutes and activities. The goal is for students to be active for 60 minutes or more, at least 15 days out of the month and you can win a small reward at the end of the month. Every student can participate, so grab your calendar and get moving!

Please contact [Mr. Schneider](#) with any questions.

Month: _____

Student name: _____

Teacher: _____

Signature: _____

Physical Activity Log

Be active 60 minutes or more at least 15 days per month. Write down your activity or color in the boxes for the days you are physically active for at least 60 minutes. Get Out and Play, Every Day!

Lottery: 1/18-3/18

All incoming kindergarteners and/or siblings must apply if you would like them to possibly be enrolled at Barnette Magnet School next school year.

For more information visit our [website](#) or contact [Ms. Ried](#). Apply now [here](#).

SNIPPET FROM STUDENT AND FAMILY GUIDE

Schedule Changes

Classes are scheduled to maximum capacity making it extremely difficult to switch after class assignments. Since most classes last only one quarter, we ask that your child remain in the scheduled class for the entire quarter. Schedule changes will be made only for academic reasons and on a space available basis during the first week of the quarter. To discuss your child's schedule, please make an appointment to meet with the Program Secretary before the end of the first week or submit a class change form signed by a parent.

Course Change Rules

1. Limited quantities of exploration classes and essential class requirements may necessitate a student to be moved into classes other than those they choose.
2. At the beginning of each quarter, we will allow a single switch of classes for academic reasons only. The academic reason should be listed on the Course Change Form.
3. If a class needs to be changed, the Course Change Form must be signed by a parent or guardian. No forms will be accepted without a parent signature.

For more information, click on the graphic below for the entire guide and refer to the **About Magnet School** tab.

COMMUNITY EVENTS

Alaska Migrant Education Program Parent and Family Engagement

Your Involvement Influences Student Academic Success

School Role

Identifies Eligible Children

A trained recruiter interviews families to find if the children in the family could be eligible for the program. The recruiter completes a Certificate of Eligibility (COE) for the family to document their migratory moves. Once the COE has been approved, these students become eligible to receive Migrant Education Program services.

Uses Data to Identify Needs

School and district staff use data to help them determine how the Migrant Education Program could support the needs of eligible migratory children.

Provides Academic Support

Migratory children remain eligible to receive academic and other support services for up to three years.

Engages Families

Schools and districts communicate important information and involve parents/guardians in program planning and evaluation.

Family Role

Learn About the Program

Learn and ask about Migrant Education Program services and activities available to your children.

Get Involved

Work with the district and schools to implement programs and projects through the district's Parent Advisory Council (PAC) or other parent/guardian meetings.

Stay Connected

Communicate frequently with program staff about your children's academic progress.

Communicate Academic Goals

Check on your children's progress reports and contact your school about any academic and language concerns or goals.

Give Feedback

Share your ideas or comments to improve services for your children, family, and the greater community.
