Tips for Parents using PowerSchool

Welcome to PowerSchool Premier. Fairbanks North Star Borough School District's student information system. With PowerSchool Premier you can securely access your student(s) information on the Internet at any time.

Helpful tips:

- Click on anything in **blue font** to reveal more information -- a teacher's name in blue will open up a blank email to them; a grade in blue links to a list of assignments that make up that grade; an assignment in blue will give you more information about that assignment, etc.
- If you forget your password, you must click on the "Having trouble signing in" link on the login page to request access to your account. Passwords are not available to either the schools or the district office.
- For additional help, please call the school office. Please do not call teachers for help with passwords and login. DO contact teachers regarding student progress and grades.

Parents - PLEASE use this tool to complete necessary annual permissions and acknowledgements.
Thank you!

STUDENT ATHLETES

INITIAL ELIGIBILITY

Initial-eligibility standards help ensure you are prepared to succeed in college. The eligibility process also protects the fairness and integrity of college sports by ensuring student-athletes are amateurs.

If you want to practice, compete and receive an athletics scholarship during your first year at a Division I or II school, the NCAA Eligibility Center must certify you as eligible. (Eligibility for Division III is determined on campus.) Throughout the process, NCAA Eligibility Center staff members partner with students and their families, as well as high school administrators and coaches, to guide you on your journey.

REMEMBER...

As a college-bound student-athlete, you are responsible for your eligibility — that means planning ahead, taking high school classes seriously and protecting your amateur status. It can be a difficult first step, but the benefits of being a student-athlete are worth the effort.

Get Ready. Get Set. Go!
