I currently live here in Fairbanks. I am Yup'ik Eskimo. My mother is Lucy Peterson of Mt. Village (originally Pilot Station), and my father, the late Willie Peterson of Old Andreafski and Mt. Village. I enjoy being a mom and a wife. My husband John and I have raised three daughters here in Fairbanks. My thought for now is, we are like the berries in the 'agutaq' of our ancestors, in the here and now. Quyana assirluten-llu pikina. - Thank you and be well/good.
