

## SCHOOL BOARD POLICY

428.4

### 428.4 Supplemental Funding

In order to offer the best educational opportunities possible for students of the district, the Board will seek as many appropriate sources of revenue as possible to supplement the funds provided through local appropriation and the basic aid offered by the state.

To ensure coordination and to avoid confusion in developing proposals and grant applications, the superintendent will establish standard procedures for the preparation of proposals and their review. The superintendent will also ensure that none of the conditions of acceptance are in conflict with the laws of the State of Alaska and policies of the Fairbanks North Star Borough and the Board.

The Board will approve all grant submissions over \$5,000. District administrators will approve submissions less than \$5,000.

The Board will formally approve acceptance of all grant funds.

The superintendent is authorized to sign all reports on funded projects.
