

# Bus Route Tracker

[busroutes.k12northstar.org](https://busroutes.k12northstar.org)

This service is being developed in-house by the Fairbanks North Star Borough School District and is in beta, which means we're actively gathering feedback and making improvements. It may suffer periodic slowdowns or outages as we adjust to higher server loads due to heavy usage. Please be patient and help us improve this service by providing site-related constructive feedback to [busroutes\\_dev@k12northstar.org](mailto:busroutes_dev@k12northstar.org).

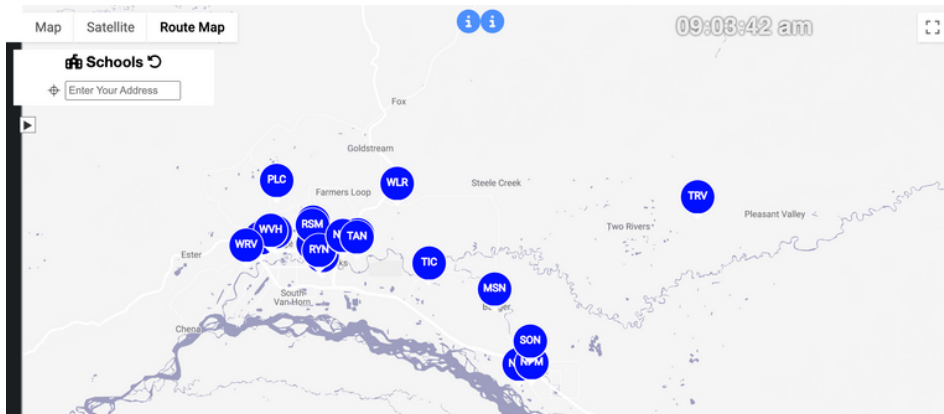

Late bus information is also available at [www.k12northstar.org/late-bus](https://www.k12northstar.org/late-bus).

**Please Note:** Questions or concerns about pickup/drop-off issues, missed stops, driver complaints, or bussing in general should be referred to

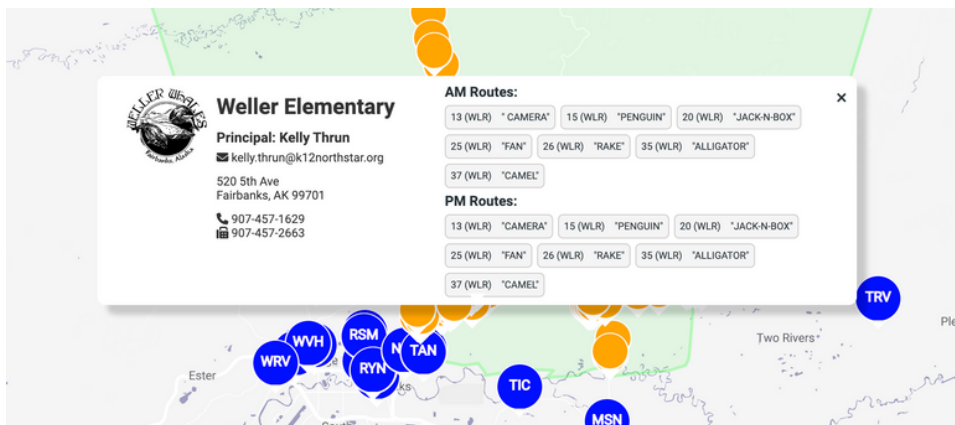

DURHAM SCHOOL SERVICES:  
907-206-7789 (6:00am-5:30pm)

## Using the Bus Route Tracker

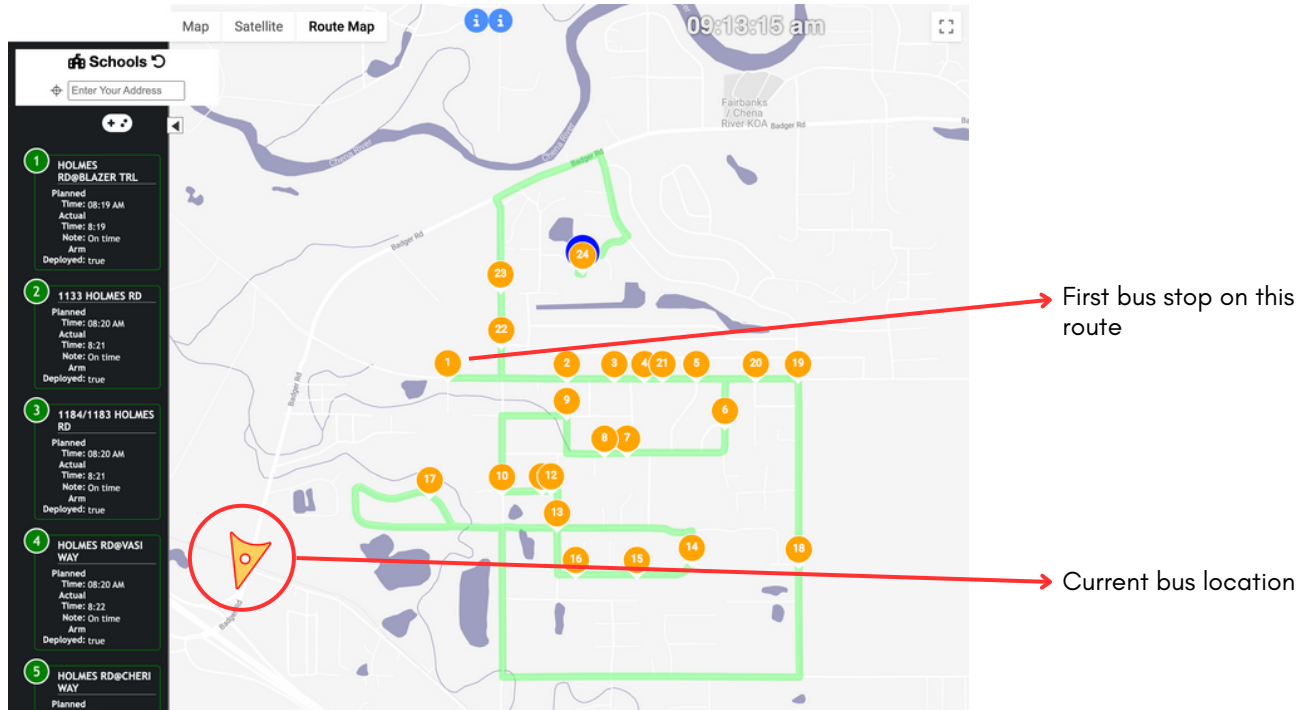

1. Visit <https://busroutes.k12northstar.org>. This tool is best used on a computer using the Chrome web browser. If you are using mobile, the webpage is best viewed in landscape mode.

2. Select your student's school to view routes.

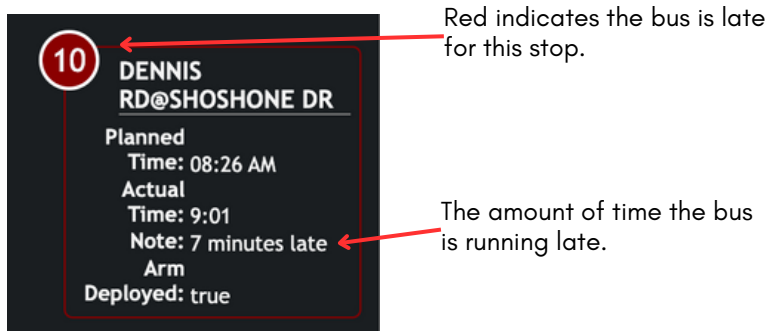

3. Select your student's bus route. This will show the bus route map with bus stops.

4. Select the bus stop to view scheduled stop time. You can view detailed bus stop information on the left panel.

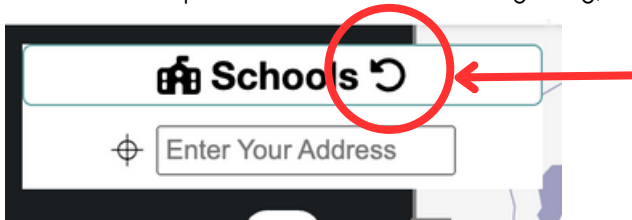

Example of a late bus:

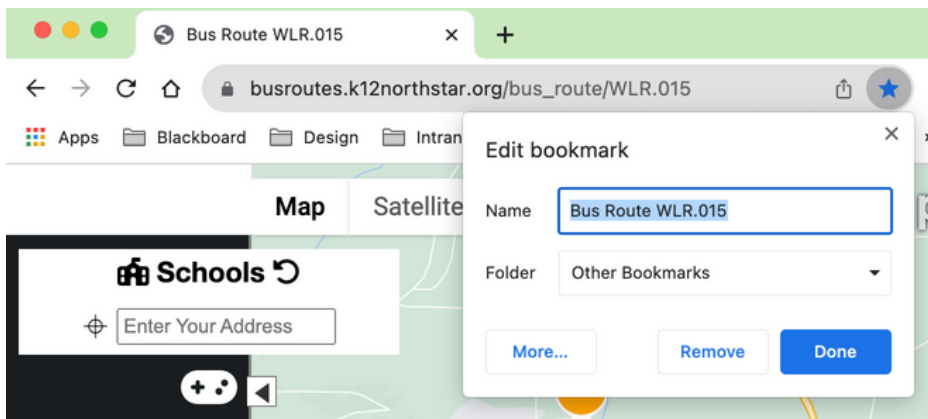

## Refresh the Map

To clear the map and start fresh from the beginning, select the refresh arrow next to schools in the upper left.

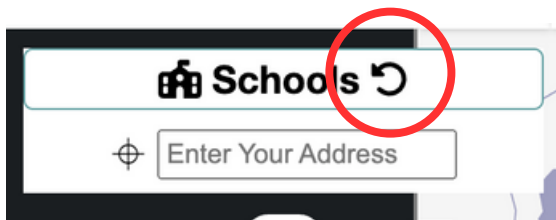

## Save a Bus Route

To easily return to a specific bus route map, you can bookmark the bus route webpage.

## Previously Viewed Routes

You can see bus routes you've previously viewed by selecting the refresh button next to 'Schools' in the upper left, or by going to <https://busroutes.k12northstar.org>.

Previously viewed routes.
