FAIRBANKS NORTH STAR BOROUGH SCHOOL DISTRICT

MEMORANDUM

DATE:	**August 7, 2017**
TO:	**School Board members**
THROUGH:	**Dr. Karen Gaborik, Superintendent**
FROM:	**Holly Cervin, Director of Alternative Programs** H.C.
RE:	**FY17 eLearning data**

Attached please find the student demographic, enrollment, and success rate data for eLearning courses during our pilot year FY17. I hope you are as pleased as I am to see the increased pass rates for each school from Semester 1 to Semester 2. Two mains reasons for this improvement are a better understanding by school counselors of the rigor and expectations of the eLearning courses, and the increased number of interventions and goal setting strategies provided by lab facilitators to eLearning students.

I'm happy to answer any questions you may have about eLearning and its benefits to our students.
