

9/02/2019

Dear Parents,

I wanted to take the time to introduce myself and Project 360 to you. My name is Kristi Alton and I am the new Salcha Elementary Navigator for the Project 360 grant.

What is Project 360? Project 360 is a Department of Defense Education Activity (DoDEA) funded grant. The goal of the program is to provide support to military connected students, especially during times of transition, such as PCS or deployment, and to help create a welcoming school environment.

As the Navigator, I will help military affiliated students with a smooth transition, focusing on social-emotional support, as well as provide additional support to other students. I will also, on occasion, reach out to students who may be struggling with attendance or other issues.

I will be at the school from 9 to 3:30 on Wednesdays and Fridays but you can reach me anytime via email. If you have any questions, would like me to reach out to your student, or are expecting an upcoming PCS, move or deployment and would like some resources, please contact me at Salcha Elementary. I'm looking forward to a wonderful school year with your student!

Thank You,

Kristi Alton
