SUMMARY:

Local Schools

The Fairbanks North Star Borough School District serves all of Fort Wainwright, Fairbanks, and the surrounding area. The schools that students who live on post attend are Arctic Light, Ladd or Hunter Elementary Schools, Tanana Middle School and Lathrop High School. Arctic Light is the only school located on post and it is not a DoDDs school. You must live in the school's attendance area to attend Arctic Light or any other school. Schools sometimes grant out of attendance area requests, if space allows. Other school options include a handful of private schools and home schooling. In general, the average student in the Fairbanks school district outperforms the average student in the state or the nation on academic assessments. Yes, it does get cold in Fairbanks, and students will need to learn to dress in layers and have cold-weather gear. School is rarely cancelled due to temperature or weather, and recess is only cancelled when the temperature reaches 20 degrees below zero Fahrenheit.
