

Department of Defense Education Activity Grant

PROJECT 360

Project 360 is 5-year grant project to provide more social-emotional support for military students in 10 target schools. A Military Student Support Coordinator improves districtwide support for and communication with military families. Project 360 supports the implementation of Safe & Civil Schools to create a school climate that welcomes and engages military dependent students. A Navigator in each school provides case management for transitioning students to identify and address barriers to success. Students share their transition experiences by creating Virtual Welcome Kits for incoming students

Target Schools

Anderson Elementary	North Pole Middle
Ben Eielson Jr/Sr High	North Pole High
Crawford Elementary	Salcha Elementary
Midnight Sun Elementary	Ticasuk Brown Elementary
North Pole Elementary	Fairbanks BEST

Fairbanks North Star Borough School District

Georgia Sandgren
