

STEM Academy 2022

Register Today!

THINK
CREATIVELY.
BUILD CONFIDENCE.

Camp Invention® has provided **FUN** and **SAFE** summers nationwide for **MORE THAN 30 YEARS!** Certified local educators lead campers in fun, hands-on STEM activities for the best summer ever.

During this dynamic, high-energy program, young innovators will:

- o Discover real space exploration technology when they create Spacepacks and Astro-Arm devices, mine an asteroid and observe erupting ice volcanoes. (*Spacecation*)
- o Combine science and art to build their own robotic artist, engage in design thinking, make spin art and learn how inventions can change the way people create. (*The Attic*)
- o Experiment with the fun of physics, engineering and gaming as they design, build and test their own mega marble arcades (*Marble Arcade*)

Secure Your Spot Today!
