Selection Applications will be reviewed and judged by the Kids Voting North Alaska Board of Directors. The primary intent of the scholarship is to assist students in advancing their education. Financial need is not a criterion; however, if a student is already a winner of a full scholarship or has congressional appointment to a military academy where further award will not be meaningful, application should not be made. Scholarship applications in each area will be pooled and judged against one another. Scholarship recipients are selected without regard to race, color, religion, marital status, national origin, veteran status, ability, sexuality, gender identity, or gender expression. The decisions of the committee are final. The committee will evaluate your application on content, overall appearance, grammar and neatness.
