### PARTICIPATION

Co-curricular and extracurricular activities shall be an integral part of the total educational program. The purpose of these activity programs is to enhance the development of knowledge, skills, and emotional patterns which characterize responsible citizens. Emphasis shall be upon teaching through activities in addition to teaching the "skills" of activities. Activities shall be tailored to the physical, mental, and emotional maturity levels of the youths participating in them and shall be primarily for the benefit of those youths. Active participation, individual improvement, and healthy competition are integral elements of all student activities.

Participation in activities is a privilege granted to students who meet the minimum standards of eligibility adopted cooperatively by the schools through the Alaska School Activities Association and the Fairbanks North Star Borough School District policies and regulations. These requirements are explained in detail in the district's Secondary Student Activities Handbook. Students are expected to read and understand all guidelines prior to participating in any school activity.

**Student conduct at any school-related activity, at home or away, as a participant or spectator, is not above reproach.** You are representing the entire school and the Fairbanks community; students should act accordingly. While in attendance at any school-sponsored activity, all school district rules and regulations are in effect. Consequences for misbehavior during activities are the

same as during the school day and will be administered according to school and district policy.

### ***Sportsmanship Creed***

All contests are played under the authority of the Alaska School Activities Association (ASAA). ASAA rules provide for fair play and good sportsmanship among athletes and coaches. Since booing and jeering do not support anyone, we hope you will be positive in supporting your favorite team. As athletes, we ask that spectators promote the ideals of good sportsmanship by applauding fair play and showing respect for all participants and officials.

### ***Activity Eligibility***

A student must be in attendance the entire school day (all class periods for which they are scheduled) in order to **practice or participate** in any extracurricular or co-curricular activity. When a student is absent from a class (marked "A") the student cannot participate in any same day practice or game. Students who are ten or more minutes late to any class will be considered absent, not tardy. For activities or event that are scheduled on non-school days or weekends, students are required to attend every class on the last school day prior to the activity. When students are tardy to class, coaches have discretion to implement consequences related to activity participation. **Excused absences must have 24 hours of advanced notice.**

Students must be enrolled in five or more classes and have a 2.0 grade point average with no more than one "F" for the prior grading period. Students participating in ASAA sanctioned activities shall meet all eligibility requirements specified in the ASAA by-laws (see the Student Activities Handbook for more information). **Hutchison students with an "F" during the activity season will not be eligible for travel and will not be released to miss classes until a passing grade is posted.** If airline tickets need to be purchased for activity travel student eligibility will be determined when names have to be submitted for the travel.

Fees for activities vary by activity. All fees must be paid prior to participation in the first event. Families experiencing an economic hardship should meet with the School Activities Coordinator, Rhonda Driscoll, to discuss a plan of action.

Information about a student's tardiness or attendance is available to parents via the internet on Power School Premier.
