This School Report Card presents information about the school's performance for the 2015-2016 school year. The Alaska Measures of Progress assessments in English Language Arts and Mathematics were not given in Spring 2016. As such, the performance on the Alaska School Performance Index (ASPI), is provided from 2013-14 (2014-15 ASPI was not calculated due to only one year of test scores for which growth scores would be unavailable).

Under ASPI, each school receives a score on a 100-point scale and a star rating from 1-star (lowest) to 5-stars. The ASPI score and star rating give an overall picture of how well the school is doing to prepare the students to be college-, career- and culturally ready graduates.

Detailed assessment, ASPI, and AMO results are available on the Department of Education & Early Development website at: education.alaska.gov.
