## Description of Benefits

*Applies to all plans except the Dental Accident Plan and Pharmacy SmartCard*

We will pay benefits only for Covered Injuries sustained or Covered Sickness commencing while insured under this School Year’s plan. Benefits payable will be based on the Usual, Customary and Reasonable Charges incurred for covered medical and dental services, as defined by the Policy, subject to exclusions, requirements and limitations. We do not pay for a service or supply unless it is Medically Necessary and listed in the Description of Benefits below. Applicable benefits mandated by the state of residence will be included in the covered expenses. You may take your child to any provider you choose; however, seeking Treatment through a First Health contracted provider may reduce your out-of-pocket costs.

To find participating First Health medical providers nearest you, call 800-226-5116 or log on to www.myfirsthealth.com.

### ENHANCED CONCUSSION BENEFIT:
If a covered injury causes a Concussion resulting in the student’s required removal from participation in an interscholastic sport, then Covered Expenses will be paid at 100% of the Usual, Customary and Reasonable charges with no Deductible, subject to stated Motor Vehicle benefit maximums, the maximum aggregated benefit amount per injury and all other terms and conditions of the policy.

Injuries sustained as a result of riding in or on, entering or alighting from or being struck by a motor vehicle are limited to a $25,000 maximum benefit. Each covered condition may be subject to a deductible – see plan details.

Facility of Payment
Whenever payments that should have been made under the Policy are made by any other policy, the Company reserves the right to pay over to any plan making such other payments the same amounts the Company determines are warranted in order to satisfy the intent of this provision. The amounts paid are considered benefits paid under the Policy and, to the extent of such payments, the Company shall be fully discharged from liability under the Policy. In no event will the Company pay more than the benefits payable under the Policy for all policies providing the same or similar benefits issued to the Policyholder and underwritten by the Company.

Definitions
Covered Accident means an Accident that occurs while coverage is in force for an Insured and results in a loss or Injury covered by the Policy for which benefits are payable. Injury means accidental bodily harm sustained by an Insured that results directly from a Covered Accident. A Covered Accident must be the dominant cause of the Injury. All injuries sustained by one person in any one Accident, including all related conditions and recurrent symptoms of these injuries are considered a single Injury. Medically Necessary or Medical Necessity means the services or supplies provided by a Hospital, Physician, or other provider that are required to identify or treat an Injury and that, as determined by the Physician, are: (1) consistent with the symptom or diagnosis and Treatment of Injury; (2) appropriate with regard to standards of good medical practice; (3) not solely for the convenience of the Covered Person; and (4) the most appropriate supply or level of service that can be safely provided. When applied to the care of an Inpatient, it further means that the Covered Person’s medical symptoms or condition requires that the services cannot be safely provided as an Outpatient. Sickness means an illness, disease or condition that causes a loss for which an Insured incurs medical expenses while covered under this Policy. All related conditions and recurrent symptoms of the same or similar condition will be considered one Sickness. Usual, Customary and Reasonable Charges – means the most frequently charged fee, in the absence of insurance, of the health care provider in the same geographic locality for a comparable supply or service. The Usual, Customary and Reasonable Charge is based on the Fair Health, Inc. survey of prevailing fees, equal to or greater than the 90th percentile of charges, updated every six months on the basis of the most current codes and nomenclature developed and maintained by Fair Health, Inc. An Insured Person is responsible for expenses in excess of Usual, Customary and Reasonable Charges. School Activities means any activity that is sponsored and under the direct, immediate supervision of the School that: (a) the School requires the Insured Person to attend; or (b) is under the sole control and supervision of School authorities. It does not include an activity related to athletics or cheerleading that is under joint sponsorship or supervision arrangement with any non-School group.

Excess Provision
In order to keep premium as affordable as possible, these plans pay benefits on a non-duplicating basis. This means, if a person is covered by one or more of these plans and by any other valid insurance or health agreement, any amount payable or provided by the other coverages will be subtracted from the covered expenses and we will pay benefits based on the remaining amount.

IMPORTANT NOTICE: This brochure contains a brief description of the benefits available under the insurance programs. It is not a contract of insurance. The terms and conditions of coverage are set forth in the policies delivered in the state under form numbers AH-11648a and AH-29600. Complete details may be found in the policies.

IMPORTANT NOTICE: This Plan provides short-term limited duration sickness benefits. It does not constitute comprehensive health insurance coverage (often referred to as “major medical coverage”) and does not satisfy a person’s individual obligation to secure the requirement of minimum essential coverage under the Affordable Care Act (ACA). For more information about the ACA, please refer to www.HealthCare.gov.
